Warrant

COMMONWEALTH OF MASSACHUSETTS

Middlesex, ss.

To either of the constables of the town of Wayland in said county.

Greeting:

In the name of the Commonwealth you are required to notify and warn the inhabitants of said town qualified to vote in town elections to meet at their respective polling places on Monday, March 23rd, current, at six o'clock in the forenoon, there and then to bring in their ballots for a Moderator, a Town Clerk, three Selectmen, a Treasurer, a Collector of Taxes, an Auditor, a Treasurer of Library Funds, a Surveyor of Highways, a Tree Warden, and seven Constables, all for one year.

One member of School Committee, one Sinking Fund Commissioner, one Cemetery Commissioner, two Trustees of Public Library, one Overseer of Poor, one Assessor, one member of the Board of Health, one Water Commissioner, all for three years.

Also to vote "Yes" or "No" on the question "Shall licenses be granted for the sale of intoxicating liquors in this town?"

All the foregoing to be voted on the official ballot. The polls will be open at 6.15 o'clock in the forenoon and will remain continuously open for at least four hours, when they may be closed unless the voters otherwise order.

And you are required to notify and warn the inhabitants of said town qualified to vote in town affairs to meet at the Town Hall on Wednesday, March 25, current, at 7.45 o'clock in the afternoon, there and then to act on the following articles, viz:

Article 1. To hear the reports of town officers, agents and committees and act thereon.

Article 2. To choose all necessary officers, agents and committees not elected by official ballot.

Article 3. To grant money for all necessary town purposes.

Article 4. To authorize the Selectmen to consult counsel on important town cases, and to defend the town against any action at law or suit in equity that may be brought against it.

Article 5. To appropriate the money received from dog licenses.

Article 6. To see if the town will vote to charge interest on overdue taxes and fix the rate of interest.

Article 7. Shall Chapter 487 of the Acts of 1913, being an act relative to the promotion of call men in the fire department be accepted?

Article 8. Shall this town accept the provisions of Section 42 of Chapter 514 of the Acts of the year 1909, as affected by Chapter 494 of the Acts of the year 1911, which provides that eight hours shall constitute a day's work for town employees?

Article 9. Shall Chapter 807 of the Acts of 1913, being an act to provide for compensating laborers, workmen and mechanics for injuries sustained in public employment, and exempt from legal liability counties and municipal corporations which pay such compensation, be accepted by the inhabitants of this town?

Article 10. To see if the town will increase the salary of the town clerk to \$100, and appropriate and assess the money necessary for such increase.

Article 11. To see what action the town will take in publishing in the town report or otherwise a list of the valuation of all taxable personal and real estate property, and the amount assessed thereon.

Article 12. To see if the town will appropriate a sum of money not exceeding three thousand dollars for the purpose of carrying out the order of the County Commissioners relative to the Concord Road.

Article 13. To see if the town will petition the Directors of the Bureau of Statistics for an audit of its accounts in accordance with the provisions of Chapter 598, Acts of 1910, and amendments thereof.

Article 14. To see if the town will instruct the Selectmen to install five street electric lights on Pond Street, one near Hammond Ave., one at junction of Pond and Loker Streets, one half way from this point to Rice Road, Pond and Oak Streets, one at last mentioned point to Natick.

Article 15. To see if the town will instruct the Selectmen to install six additional street lights on Concord Road from Trainingfield Road to Moore Road.

Article 16. To see what action the town will take regarding the procuring of Automobile service for use of fire department.

Article 17. To see if the town will vote to discontinue the highway leading from East Pond Street to School Street by the farm of the late Horatio G. Hammond, known as Hammond Avenue.

Article 18. To see if the town will instruct the Selectmen to install two electric lights on School Street leading from East Pond Street and one light on State Road near the entrance to the residence of Mr. Frank E. Davis.

Article 19. To see if the town will vote to rebuild the culvert on Pelham Island Road, south of the blacksmith shop of L. H. McManus.

Article 20. To see if the town will accept the following bequests: \$150 to be known as Charles Holbrook Fund, income from which to be used for perpetual care of lot in Lake View Cemetery belonging to the late Charles Holbrook. \$100 to be known as the Jude Damon Fund, income from which to be used for perpetual care of the Jude Damon lot in the North Cemetery.

Article 21. To see if the town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money in anticipation of the revenue of the current financial year.

Article 22. To see if the town will vote to authorize the Treasurer, with the approval of the Selectmen to borrow money on and after January 1st, 1915, in anticipation of the revenue of the financial year beginning January 1st, 1915.

Article 23. To see if the town will appropriate a sum of money not exceeding fifty dollars for improving the sidewalk on the north side of East Pond Street beginning at the end of concrete walk on land of Walter F. Evans.

Article 24. To see if the town will authorize the Town Auditor to supply the several town departments with printed schedules on which to enter the amounts of pay rolls and bills.

Article 25. To see what action the town will take in regard to changing the date of holding the Annual Town Meeting to the First Monday in February.

Article 26. To see what disposition the town will make of site of the Lokerville school house.

Article 27. To see if the town will appropriate a sum of money for defraying the expense of planting shade trees.

Article 28. To see if the town will appropriate not exceeding one hundred and fifty dollars toward a fund for the erection of a National Civic Hall at Washington, D. C., as a Peace Memorial to the Father of Our Country.

Article 29. To see if the town will authorize the Selectmen to install one additional light on Bow Road between Reeves Place and the light already installed.

Article 30. To see if the town will appropriate \$200 for repairing sidewalks.

And you are required to serve this warrant by posting copies thereof attested by you at the Town House, at each Post Office in town, and on the engine house in Cochrane seven days at least before the time of holding said election.

Hereof fail not and make due return of this warrant with your doings thereon to the Town Clerk on or before the 21st day of this March.

Given under our hands this tenth day of March in the year of our Lord, one thousand nine hundred and fourteen.

## Special Town Warrant

---

OCTOBER 28th, 1913.

### COMMONWEALTH OF MASSACHUSETTS

Middlesex, ss.

To either of the Constables of the Town of Wayland in said County:

Greeting:

In the name of the Commonwealth you are required to notify and warn the inhabitants of the Town of Wayland to meet at the Town Hall on Tuesday, the 28th day of October, 1913, at 7.45 o'clock in the afternoon, there and then to act on the following articles, viz:

Article 1. To see what action the town will take in regard to continuing the work of relaying or repairing the Concord Road as laid out by the County Commissioners.

Article 2. To see if the town will authorize and instruct the Sinking Fund Commissioners to turn over to the Town Treasurer the following funds,—James Draper Fund (\$500), Ella E. Draper Fund (\$500), Grace Campbell Draper Fund (\$1,000) or do or act.

Article 3. To see if the town will vote to authorize the Town Treasurer to borrow the sum of \$1,000 for the purpose of paying bills contracted by the Water Commissioners extending mains.

And you are required to serve this warrant by posting copies hereof attested by you at the Town Hall, at each post office in town and at the Engine House seven days at least before the time of holding said meeting.

Hereof fail not and make due return of this warrant with your doings thereon at or before the 25th day of October, 1913.

Given under our hands this fourteenth day of October in the year of our Lord one thousand nine hundred and thirteen.

PAUL T. DRAPER,  
GEORGE W. BISHOP,  
JAMES H. LEE,

*Selectmen of Wayland.*

## Town Clerk's Office

At a town meeting held on the 28th day of October 1913 the following vote was passed: that the Selectmen be instructed to ask the County Commissioners for an extension of time for finishing the work on the Concord Road

Also voted that the Town Treasurer with the approval of the Selectmen be and hereby is authorized to borrow not exceeding one thousand dollars, for payment of bills contracted by the Water Commissioners, and to issue a note therefor payable within one year. Said note and interest thereon to be paid from water rates.

A true copy of record.

DANIEL BRACKETT,

*Town Clerk.*

## Selectmen's Report

The regular appointments have been made as required by law. They appear in the list of town officials.

Sidewalks—Cross-walk has been installed on Main Street, Cochituate.

Lighting—Additional street lights have been placed as follows:

|                     |   |
|---------------------|---|
| German Hill Street  | 1 |
| Pleasant Street     | 1 |
| Cochituate Road     | 2 |
| Old Conn. Path East | 2 |

### Repairs on Town Hall:

The repairs have been made on roof of Town Hall. All broken slate has been replaced and we now believe the roof to be in good condition.

### Water System:

The water system has been installed and is a great addition to our Town House. The well was driven eighty-five feet, and we have ample supply of water for all purposes. We find that it will be necessary to do something in regard to heating plant in extreme cold weather, as otherwise it will be impossible to keep it from freezing.

As per vote of the Town, the Selectmen petitioned the County Commissioners for an extension of time to finish work on Concord Road. They refused to grant such extension.

The Commission appointed to see about the elimination of grade crossing on State road near Samuel Russell's, held a hearing in May. No report has been made as to their finding.

The above appropriations are recommended in addition to such balances as appear on the Treasurer's books unexpended from last year's appropriations and covering period for ten months March 1 to Dec. 31, 1914 inclusive, the expiration of the fiscal year established by the Acts of 1913.

The Finance Committee respectfully recommend that the sum of fifty-five dollars (\$55) be transferred from water rates to pay interest on water note.

Also that the money for removing snow be drawn from revenue account.

Also that all town insurance and surety bonds be drawn from revenue account.

Also that the overdrafts for last year amounting to three thousand three hundred and sixty-nine dollars and forty-four cents (\$3,369.44) be charged revenue account.

## Auditor's Report

The accounts of the Financial Officials have been audited and are correct with the exception of one item in the Collector's accounts of \$19.53 credited to Interest which should have been credited as follows: \$14.63 to Taxes, \$4.90 to Moth Tax.

I have recommended that this error be corrected by transferring the above amounts from Interest to the proper accounts.

The financial statement to the State Bureau of Statistics has been forwarded as required by law.

JAMES H. CARROLL,

*Town Auditor.*

## Forest Warden's Report

There were some very bad forest fires the past year in the north part of the town, two of which were started by sparks from a portable sawmill located there, the other two I think were from some other cause. Considerable damage was done by the last two fires as about sixty cords of wood belonging to Mr. W. S. Lovell were burned. The matter was referred to the State Fire Warden. No investigation was made. A new forest fire wagon has been installed the past year which we find to be very useful for forest fires and other fires also.

Respectfully submitted,

WILLIAM STEARNS,

*Forest Warden.*

## Board of Health

The Board of Health respectfully submit the following annual report for the year ending February 28, 1914.

Members of the Board:

Cyrus A. Roak, *Chairman*

Andrew A. Norris

Walter S. Bigwood, *Clerk*,

Inspector of Slaughtering:

Dr. Frank Bigwood, M. B. C.

Contagious diseases:

Measles—three cases reported.

Diphtheria, two cases reported.

Typhoid fever—two cases reported.

Tuberculosis—one case reported.

Cerebro-spinal meningitis—one case reported.

Ophthalmia neonatorum—one case reported.

Several cesspools have been put in and drains properly cared for.

Several complaints were made in the early spring of the conditions of the piggeries, situated in the north part of the town. The Board looked up the matter and found that owing to the heavy rains in March and April the piggeries had not been cleaned. By a request from the Board the owners promptly cleaned them out. Since then they have been kept in as good a condition as places of that kind can be kept.

All stagnant water was sprayed several times with mosquito oil for the prevention of malaria.

Standing water is the breeding place of mosquitos. Therefore it is suggested that every household pour kerosene oil or mosquito oil in cesspools or on surfaces of necessary stand-

ing water once in three weeks. The mosquito being not only a serious annoyance, but menace to the public health, its extermination becomes a matter of public concern.

WALTER L. BIGWOOD,  
CYRUS A. ROAK,  
ANDREW A. NORRIS,  
*Board of Health.*

## Inspector of Animals

Board of Selectmen:

Gentlemen:—I submit the following report for the past year.

Five head of cattle afflicted with tuberculosis have been quarantined, killed and carcasses disposed of by rendering.

One case of glanders was reported, quarantined, killed and rendered.

No cases of rabies or other contagious diseases other than those mentioned above have been reported. The general spring inspection is now on.

Respectfully submitted,

FRANK BIGWOOD, M. D. C.,

*Inspector.*

## Report of the Surveyor of Highways

Wayland, February 18, 1914.

The amount appropriated for Highways and Bridges the past year was three thousand dollars (\$3,000.00). The Excise tax was seven hundred and seventy six dollars and sixty-two cents (\$776.62) also a gift of twenty-five dollars from Mr. R. K. Snow making a total of three thousand eight hundred and one dollars and sixty-two cents (\$3,801.62). The expenditures for the year amount to three thousand eight hundred and seventy-three dollars and forty nine cents (\$3,873.49). Owing to the fact that there were many dangerous washouts on the highways caused by the January thaw and heavy rain I was obliged to overdraw the account seventy-one dollars and eighty-seven cents (\$71.87).

The snow bills for the year were two hundred and thirty three dollars and twenty-nine cents (\$233.29)

Receipted pay rolls are on file in the Selectmen's room for above amounts.

## School Committee

The School Committee of Wayland has again to plead before the people of our community, the importance of an increased appropriation of money for carrying on our schools.

Since last September we have had to fill six vacancies in our force of teachers because of the fact that more attractive positions, with increased salaries, were offered than we could afford to pay. It is a fact that changes among the teachers are, at all times unsettling to the pupils and disturbing both to any established system of instruction and to effective continuous, cooperation among the teachers themselves.

The teachers that are taken from us are more often than not our best teachers and their places must usually be filled by teachers demanding higher salaries, the result being that each succeeding year finds our payroll somewhat increased.

It seems inevitable that this increase must go on for some years to come if we are to have in our Wayland Schools the kind of instruction and the high grade of scholarship in both teachers and pupils which the parents of Wayland have a right to expect.

If it were possible for your School Committee to increase teachers' salaries even to a moderate amount each year it would not be long before positions in Wayland Schools would be eagerly sought instead of being, as now, considered mere makeshifts and stepping stones to something more desirable.

It is perhaps unnecessary to point out that much depends upon the quality of our teachers and that if this is allowed to deteriorate, the education of your children will suffer. The complaint has been in the past that this quality has not been high enough. The answer to this is that quality cannot be had at a low price.

There is also an imperative need for funds in order that, among other things, our High School may be painted and the roof reshingled.

Twelve years ago in 1902 the school building was for the last time painted inside and out at Mr. Francis Shaw's expense, but since that time no funds have been forthcoming for this purpose until now, with the paint peeling off the exterior, and with ceilings and walls discolored from leaks in a rotting roof it stands, the too expressive symbol of a community indifferent to the appearance of its public buildings.

Wayland is indeed fortunate in still having public spirited citizens. Recently through the kindness of one of Wayland's social organizations your School Committee has been able to arrange for the installation of a number of electric lights in the High School hall which are later to be supplemented by enough other lights to make of this an attractive and suitable place for school and other entertainments.

It is to be hoped that in the future the people of Wayland will be somewhat more alive than they have been in the past to the obligation of responsibility of so maintaining their High School building that its appearance may not be a source of surprise to strangers and of humiliation to themselves.

Respectfully submitted,

PHILIP S. IDE  
ARTHUR B. NICHOLS  
FRANK C. REMICK,

*School Committee.*

## Report of Superintendent of Schools

To the Wayland School Committee:

Gentlemen:—The sixteenth annual report of the Superintendent of Schools is herewith submitted. It is the fourth during my term of service. The report is abbreviated somewhat. Certain tables have been omitted and the reports of the Grammar Master and Special teachers, together with briefs relating to the school attendance and medical inspection laws, heretofore included, have been eliminated. The omissions have been made on advice of the Committee.

Your schools are well organized, equipped, and are in general strongly disciplined. The pupils in the grades are doing work that calls for few special reports to parents. In some cases double promotions have been possible. The general tone of the work in the high school is strong. There are individuals who are not putting forth efforts commensurate to their natural powers. These are a source of anxiety and constant study to us that we may awaken them to a realization of self power and to arouse them to take a look at their future possibilities. Parents are notified each half term by report cards and each month by a special mailing card if work is unsatisfactory. To these reports I respectfully call the attention of the interested parties that all pupils may realize the highest benefits attainable through your high school.

We have had some changes in the teaching staff the current year. In this connection there is a consideration worthy of your attention. Although there has been an increase in the salary of your grade teachers of fifty dollars recently no change in the attractiveness of salaries and the larger administra-

tion connected with schools of the larger municipality can be noted, nor can we hope to lessen the demand for our teachers from these sources. But there is on the other hand a noticeable increase in the salaries of teachers in towns from which we have been able to draw formerly. Consequently when vacancies occur we shall be obliged more and more to seek teachers of less maturity and experience than heretofore. It is well to bear this in mind in your future deliberations. Wayland knows the strong mature teacher and will likely demand and provide for same.

The manual training classes are doing more interested and careful work this year than heretofore. We must remember in inspecting the products of this department that many articles turned out are the first attempts of such construction and must of necessity bear the crudeness of the learner unless the Master puts on finishing touches. I am opposed to his so doing for I believe the work should represent the boy's own efforts. The measure of the work of this department lies in the improvement made through the lessons.

A few pieces of work were taken to the Framingham Fair and a goodly number of premiums were awarded our workmanship. This has stimulated the interest in more careful work.

The value of the manual training department may be increased by placing sewing machines at the disposal of the sewing teachers and by purchasing a motor circular saw, and turning lathe for the boys. Consideration should also be given to the introduction of cooking courses into the ninth grade and high school. Some of our girls can devote their time and energies far more profitably to some such lines than to Latin, Stenography, Typewriting and the like.

Miss Roland's music classes have made a marked gain in ability to read the past three years. This has been accomplished through the individual work. The pupils enjoy this method now that it is established.

The pupils of the Commercial Department are working very hard in most cases. Miss Barrett holds them to high

standards. Stenography is one of the most difficult, if not the most difficult subject offered by the high school if it be mastered for business efficiency, calling as it does for accuracy of memory, alertness of mind, familiarity with a large vocabulary, skill in chirography, accurate orthography, and the final transcription, very dependent upon sentence construction.

Wayland High School has a graduate who has passed the Harvard examinations under the new plan. We expect others now in school to continue the standard set so that no anxiety need be felt by any of the citizens lest the school fail to fit for college whether entrance be necessary by examination or by certificate.

Should a boy or girl fail to realize the task of fitting for college and neglect his work failure will result. Parents need to realize that school means toil and that late hours, indifference, lack of physical vigor, and a determination not to do home studying are great handicaps to success. Sometimes we have desire without ambition. Parental ambitions are needed but unless injected into the being of the boy are not adequate. School boys and girls need strong, vigorous, watchful, unrelenting watchfulness at home through out the later years of their school life. The first care of high school pupils should be their school work. Too often it is their last.

The removal of the two old buildings is, in my opinion, greatly to the advantage of the children from the standpoint of morality and good citizenship. This is especially true of the old Cochituate building. To have had this building longer constantly in the eyes and minds of the children, falling into rapid decay, neglected, in disfavor, I believe would have been most unwise.

Last May the Cochituate School gave an entertainment in Grange Hall which netted the school forty-eight dollars. Eight dollars were spent for rental of Grange Hall and one for tickets. Twenty-five dollars were given the Treasurer of the Park and Playground Association, one and a half dollars were expended for a shelf in the lower hall of the school building, and twenty-one and a half placed in the Natick Five

Cents Savings Bank subject to the order of the School Committee. Thus the school has over eighty dollars to its credit and it is hoped that the same will soon be expended in the purchase of suitable statuary for the building.

Last June the graduating class of the Cochituate School presented the school the frieze "The Treaty of Peace."

The number of pupils in the Cochituate District has been calling for and is still calling for consideration relative to the advisability of closing one of the rooms. Considering the large number of children in the Wayland school and the number of grades to a room it seems more advantageous to your school children should those children that can as cheaply and easily attend the Cochituate school be transferred and the usual number of rooms opened in the fall unless there should be much falling off in numbers.

Fewer notices of delinquencies in work or behaviour have been sent by mail than in any year since my term of service began in this District. This is very gratifying to us and likely as gratifying to parents.

Respectfully submitted,

FRANK H. BENEDICT,

*Superintendent of Schools.*

## Report of the High School Principal

Mr. Frank H. Benedict, Superintendent of Schools.

Dear Sir:—My third annual report of the Wayland High School is herewith presented for your consideration.

Of the eleven graduates of the High School last June, six were admitted to higher institutions of learning. Two are attending the Framingham Normal School, one is at Waltham Business College, one at Lowell Textile School, one at Simmons College, and a sixth passed examinations for Harvard University.

The total enrolment of the High School this year is seventy-five which is an increase of six pupils over the total registration of last year. This regular increase of pupils is very gratifying and it is hoped that it will continue for it makes the school more useful to the community.

There have been few, if any, changes in the curriculum and administration of the school this year. Our aim is for steady and consistent improvement. The average scholarship is not as high as it should be or as high as I hope we shall make it. To the average high school pupil school work must come first, if he is to get the most out of his course. The daily attendance also may be improved.

Punctuality and regular attendance on the part of all do much to improve individual standing and so the average scholarship of the class. We endeavor to keep the parents informed as to the progress of their children by report cards sent out at the middle and end of each term. May I ask parents to interest themselves in these reports and if the cards are not received at the expected time, kindly communicate with the principal.

We often find that pupils are failing in some of their subjects because they are apparently trying to do too many things. It has been our plan this year, when we found such conditions existing, to advise the dropping of one or more subjects even though it may mean five, or possibly six years to complete

the course. I believe it is of far greater educational importance that a pupil should take but three subjects, if necessary, in a year and master them thoroughly than to try to take too many subjects and fail in half of them. Business men ask the high schools for young people who will attend regularly to business, who can do *something* well, do it cheerfully and do it when they are told.

In my report last year, I stated at some length the relation of our school to the New England College Examinations Board and also, I enumerated the institutions with which we have the certificate privilege. After the publication of that report, I received word from the Secretary of the College Board to the effect that our school had been granted the privilege of sending pupils, upon the certificate of the Principal, to any of the colleges represented on the Board, during the year ending December 31, 1914. It is our desire to have one or two graduates enter some of these colleges in the meantime.

The position of the school as regards its ability to prepare pupils for college would seem to be much strengthened. Those graduates who last June were certified to various higher institutions are carrying their work with very creditable ranks. Also, in view of the fact that one graduate passed his examinations to Harvard University, the following statistics for the Harvard admission examinations of 1913 may prove interesting:

|  |     |
|--|-----|
| Admitted without conditions (old plan) | 262 |
| Admitted with conditions (old plan)    | 155 |
| Admitted (new plan)                    | 197 |

---

|                              |     |
|------------------------------|-----|
| Total number admitted        | 614 |
| Refused admission (old plan) | 163 |
| Refused admission (new plan) | 65  |

---

|                                |     |
|--------------------------------|-----|
| Total number refused admission | 228 |
|--------------------------------|-----|

It will be noted that of the eight hundred forty-two candidates over one-fourth were refused admission. The candidate from our school was successful under the new plan

by which one must present evidence of an approved school course satisfactorily completed before he is allowed to try the examinations.

The installation of running water for drinking purposes upon both floors of the building has proven not only a great convenience but also an improvement of the sanitary conditions of the school. The graduating class of 1913 presented the school with two hundred ice-cream plates and two hundred spoons to be used at school functions. The stage of the school hall has been furnished with electric lights and temporary electric foot-lights by a donation of the Ladies and Knights of Honor. We are duly grateful to them.

In order that the science department may keep up its efficiency in this age of practical training, it is necessary that from time to time a careful renewal and addition of laboratory apparatus should be made.

We believe that the commercial department is accomplishing better work than ever before. We have three typewriters, but another may be necessary during the next year in order to do the work systematically.

Music in the high school is being much handicapped by the poor condition of the piano. A new piano is needed and we hope to start a fund for that purpose through the efforts of the pupils. The senior class have stated their interest in this matter, and also we hope to give a musical entertainment by the school with the special object of raising money for a piano.

By the presentation of the play "Pygmalion and Galatea" in February, the senior class accomplished something which should be of lasting educational value to them.

In closing, I wish to express my appreciation to my fellow-teachers who have made possible the service of the school to the town. May I also acknowledge the debt the school owes to you and the School Committee for your cordial support.

Respectfully submitted,

W. HERBERT MOORE,  
*Principal of High School.*

**REPORT OF TRUANT OFFICERS**

To the Superintendent of Schools:

I herewith submit the following report of absences and truancy for the year beginning March 1, 1913 and ending March 1, 1914.

|   |   |
|---|---|
| Number of absences reported               | 9 |
| Number of cases investigated              | 9 |
| Number of cases with legal excuses        | 6 |
| Number of cases for miscellaneous reasons | 3 |
| Number of truants                         | 0 |

Respectfully submitted,

HENRY G. DUDLEY,  
*Truant Officer.*

Mr. Benedict, Superintendent of Schools,

Dear Sir:—During the past school year I have had one case only of absence to investigate. I found no case of truancy.

Respectfully submitted,

J. C. VINCENT,  
*Truant Officer.*

|                                |                              |
|--------------------------------|------------------------------|
| Dear old Wayland High,         | Others shall fill our place, |
| It grieves us to say good-bye  | Each to share our boundless  |
| To thee, ever faithful friend, | grace;                       |
| With thy ready aid to lend;    | Oh, teach them in thy        |
| Cares, joys, we bring to thee, | patient way                  |
| As to Him who patiently        | <i>Nihil Sine Labore</i> ;   |
| Hears and helps untiringly     | Teach them that which they   |
| Nor e'er can be repaid.        | should know                  |
|                                | Each the proper way to go,   |
|                                | That all honors they may     |
|                                | owe,                         |
|                                | To dear old Wayland High.    |

## Chorus

Then shall our voices resound with thy  
praise,  
And parting breathe a sigh,  
For the lessons learned and the days that  
we spent,  
In dear old Wayland High.

## Extract From Rules and Regulations

### ATTENDANCE

1. Excuses for absence may be granted by the teachers for the following causes only: The pupil's sickness or physical disability, death in the family, or other extreme emergency, contagious disease or quarantine.

Note. Lack of clothing, helping at home, running errands, visiting, and the like, are not accounted sufficient cause for absence.

2. In case of extreme necessity the superintendent may grant excuses for special cause.

3. Any pupil not in his seat at the stroke of the last bell, promptly at the hour for school to begin, shall be considered tardy.

Exception. Pupils who are late because of the late arrival of barges or electric cars shall not be considered tardy, unless they loiter or delay after arrival.

4. Excuse for tardiness may be granted at the discretion of the teacher.

5. Any pupil having been absent shall be required to bring a written excuse from parent or guardian, stating the reason for the absence. In case the written excuse is not brought, the absence will stand unexcused.

6. All absences excused must be so recorded in the register.

7. When a pupil is apparently absent without sufficient cause, the teacher shall notify the truant officer promptly.

8. Pupils under five years of age will not be admitted.

9. Children will be admitted to the first grade only at the beginning of the fall term, except by special permission of the school committee. ("The beginning of the fall term" will include the first two weeks).

10. Pupils who enter a school in town for the first time must present a vaccination certificate, properly filled out and certified, or a certificate stating that the pupil is an unfit subject for vaccination, before being admitted.

11. Pupils who are perfect in attendance and punctuality for any school month may be dismissed one hour before the close of school on the afternoon of the last school day of the school month.

12. Any pupil outside of school age, less than seven or more than fourteen years of age, who is absent unexcused for more than five whole days or ten half days, in any period of six months, may be suspended until assurance is given of regular attendance.

---

### **Tuant Officer**

1. It shall be the duty of the truant officer to investigate fully each case of truancy, to take such action as the circumstances warrant and the law directs, and to report the results of his investigation to the teacher and to the superintendent.

2. He shall exert all possible influence with the parents and guardians to secure the regular attendance of their children.

3. He shall present an annual report of his doings to the school committee on the first day of March of each year, giving the number of cases investigated and the action taken thereon, together with such additional information as he may deem advisable, or the school committee may require.

## SCHOOL SESSIONS

1. WAYLAND: High School—8.45 A. M. to 2.30 P. M.  
(Thirty minutes for recess).

Grades—8.45 A. M. to 2.30 P. M.  
(Noon recess forty minutes. Twenty-five minutes for recesses, physical culture, and intermission).

COCHITUATE: Grades—9.00 A. M. to 11.30 A. M.  
1.00 P. M. to 3.30 P. M.  
(Twenty-five minutes for recesses and physical culture).

2. The school hours as indicated must be strictly observed.

3. Pupils in the first grade may be dismissed at recess.

4. The bell shall be rung five minutes before the beginning of the school session, and the pupils shall at once enter the schoolroom and take their seats ready for work. The last bell promptly on time shall be the signal for the school exercises to begin.

5. The door shall be opened at least fifteen minutes before the beginning of the school session.

6. Teachers may detain pupils after school or in extra session for the purpose of making up lost time or deficiency in lessons or application for a time not to exceed one-half hour in the grades, and one hour in the high school except in case of pupils who are carried by barge, or longer by permission of the committee or superintendent.

Note. Pupils in the grades at Wayland may go home for luncheon at intermission on condition that they are not tardy for the afternoon session.

## Report of Library Trustees

## Water Commissioners' Report

At the regular monthly meeting, April 7, 1913 the Water Board was organized with James C. McKay, Chairman and Clarence S. Williams, Clerk.

James H. Whitehead was re-appointed Superintendent of Works.

In accordance with a vote of the town the Board decided to connect mains with the Natick Water Mains for better pressure for fires and use in emergency cases, which was done at the cost of thirteen hundred eighty-five dollars and thirty-six cents.

At a special meeting of the Board May 1, it was decided to lay a 4-inch main 1,000 ft. long on East Pond Street to the property of Dr. Hahn and to place a fire hydrant near the end of the extension, also to furnish the cottages at Wayland Manor with water from a two-inch line of pipe.

At the regular meeting, July 7, it was decided to connect the German Hill and Shawmut Avenue mains to eliminate dead end on Shawmut Avenue.

All Water Bonds were paid from the Sinking Fund, leaving \$778.44 which was used to pay for laying mains.

## Cemetery Commissioners

The money appropriated by the town for the care of its cemeteries for the year has been expended judiciously and the general appearance of all three of the cemeteries has been fairly good.

With the valuable assistance of Mr. Frederick W. Eaton, our representative in the Legislature, an act was passed and approved, March 29, 1913, whereby the commissioners received from the Commonwealth the sum of four hundred dollars, for the improvement and perpetual care of the burial place of Charles Holbrook, who died without heirs in 1886, and whose estate became the property of the Commonwealth. The lot which had been entirely neglected, has been thoroughly repaired and put in first class condition, with new foundations for curbing and head stone, and the sum of one hundred and fifty dollars for perpetual care has been invested with the other cemetery funds. Since our last annual report, the town has received a gift of one hundred dollars for a fund. This makes a total of eighteen funds, incomes from which are for perpetual care of lots, amounting in the aggregate to twenty-five hundred dollars.

The above case of Mr. Holbrook's lot, illustrates how soon, without care, lots become dilapidated, and to the thoughtful should be an incentive to make provision for perpetual care of their lots.

Appended is statement showing balances held subject to order of the Commissioners on February 28, 1914.
